

# How to Embed Animoto/SchoolTube Videos into your Google Site

1. Open your Google site and navigate to the page where you want to embed your video.
2. Click EDIT PAGE.
3. Click INSERT>MORE GADGETS.

4. In the "Setup your gadget" window, click FEATURED under "public."

5. Choose "Embed gadget."

6. Click "select" in the next window.

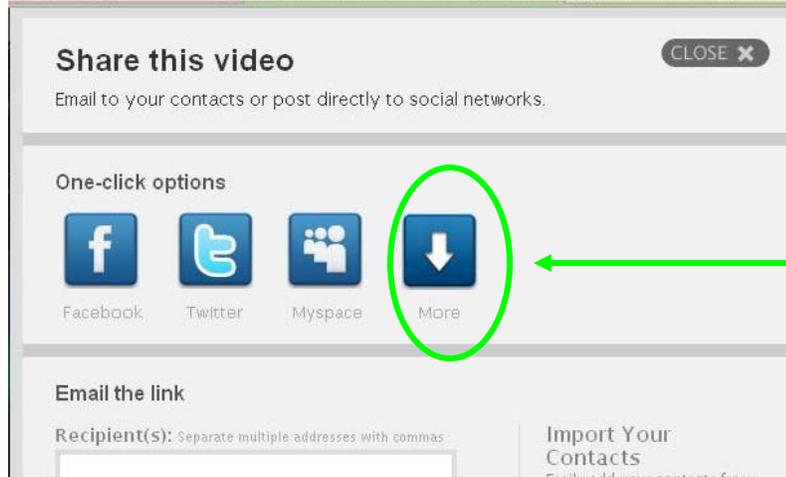

**Note:** the following two sections will explain how to copy information from Animoto and SchoolTube. Choose the information you need!!

### Animoto Instructions

- Sign into your Animoto account and navigate to the video you want to use in your Google site.
- Look for the small icons (Facebook, Twitter) at the top right of your video. Look for the little envelope. This is the "Share with friends" button.

- c. In the "Share this video" window, click on the blue arrow button named MORE.

- d. Click the "COPY CODE" button that appears underneath the MORE button.

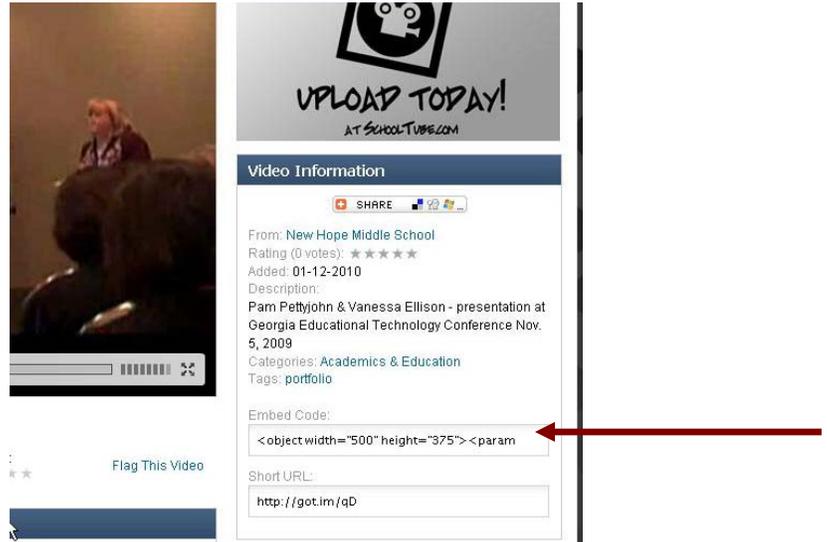

- e. This copies the embed code that will link your Animoto video to your Google site.

**Note: If you have just copied your Animoto embed code, skip to the "embed code into Google sites" section in this document.**

## SchoolTube Instructions

- a. Go to SchoolTube and log into your account. Navigate to the video that you want to use in your Google Site.
- b. To the right of the video is the "video information" area. Look for the "embed code" area.

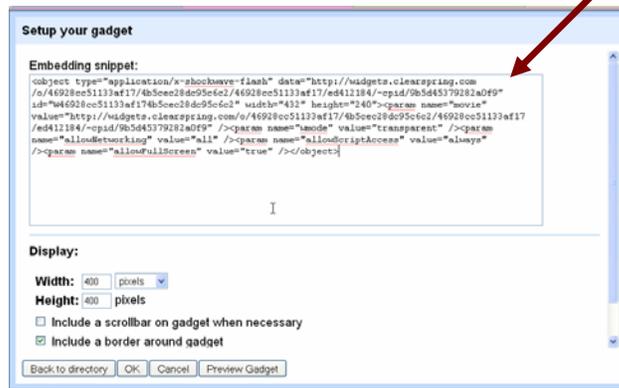

- c. Highlight the code and right-click to copy it.

**Note:** If you have just copied your SchoolTube embed code, skip to the "embed code into Google sites" section in this document.

## Embed Code into Google Sites

- Go back to your Google site where your "Setup your Gadget" window should still be open.
- Right-click inside the "embedding snippet" textbox and paste the code you copied from either Animoto or SchoolTube. For this example, an Animoto code is used.

```
object type="application/x-shockwave-flash" data="http://gadgets.clearspring.com/o/46928cc51133af17/4b5cec28dc95c6c2/46928cc51133af17/ed412184/-cpid/9b5d45379282a0f9" id="M46928cc51133af174b5cec28dc95c6c2" width="432" height="240"><param value="http://gadgets.clearspring.com/o/46928cc51133af17/4b5cec28dc95c6c2/46928cc51133af17/ed412184/-cpid/9b5d45379282a0f9" /><param name="wmode" value="transparent" /><param name="allowNetworking" value="all" /><param name="allowScriptAccess" value="always" /><param name="allowFullscreen" value="true" /></object>
```

- Look at the code and find the section that gives dimensions for the width and height.  

```
174b5cec28dc95c6c2" width="432" height="240"><param  
ts.clearspring.com/o/46928cc51133af17/4b5cec28dc95c  
d45379282a0f9" /><param name="wmode" value="transpa
```
- Under "display", change the width and height pixel dimensions so that they match the code.
- If you would like to have a title at the top of your video, make sure "Display title on gadget" is checked and type in a title here.
- Click OK which will take you back to your Google site page. Click SAVE. Your video is now embedded into your Google Site!!!!
